Gabon

Gabon launches digital e-Visa platform for short-term visa applications

Executive summary

In December 2025, Gabon introduced a digital e-Visa system. All processes related to short-term visas, including application submission and payment, may now be completed online through the [e-Visa system](#).

Key developments

The new e-Visa system allows eligible individuals to submit applications electronically for all short-term visa categories (e.g., business, tourism, family visits). It eliminates the need for paper-based applications and in-person payments. The rollout of the e-Visa system is in line with Gabon's strategy to modernize immigration processes and align with international standards.

Impact on employers

This initiative simplifies entry procedures, creating a smoother and more efficient experience for visitors to Gabon.

Key steps

EY will continue to monitor these developments. Should you have any questions, we encourage you to contact one of our immigration professionals.

Shape the future
with confidence

EY is building a better working world by creating new value for clients, people, society and the planet, while building trust in capital markets.

Enabled by data, AI and advanced technology, EY teams help clients shape the future with confidence and develop answers for the most pressing issues of today and tomorrow.

EY teams work across a full spectrum of services in assurance, consulting, tax, strategy and transactions. Fueled by sector insights, a globally connected, multi-disciplinary network and diverse ecosystem partners, EY teams can provide services in more than 150 countries and territories.

All in to shape the future with confidence.
